QUALITY COMMITMENT

Quality of belt, plastic parts, hardware and other accessories are controlled strictly to ensure only high quality products are delivered to you. Skilled workers and high precision machines ensure great details and workmanship.

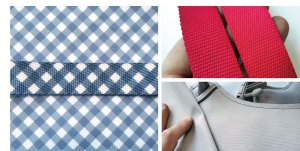

We also work with third-party companies for incoming, in-line and pre-shipment inspections to ensure compliances from material to final products following AQL standards.

CONTENT OF QUALITY CONTROL

Colors

Color variations happens when materials coming from different suppliers and batches.

Monitoring colors is an important part of quality control.

Dimensions

Dimensions include adjustment ranges, widths, thicknesses, sizes of materials etc.

All dimension details are inspected during productions.

Hardware & Finishing

Hooks, D-rings, O-rings, sliders and other parts are normally coated with various finishing, we check the treatment defects, weights, sizes.

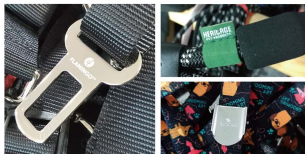

The spray & salt tests and strength pull tests are carried out.

CONTENT OF QUALITY CONTROL

Logo & Positions

Logos, labels are always on harnesses, collars and leashes. As an important element, we pay much attention to make sure they are placed on the right positions, right places in correct directions, angles.

Stitching & Workmanship

A lot of stitching and sewing works are done on leads, collars and harnesses, the quality of stitching impacts quality of product. Colors of stitching lines, stitching distances, details are inspected carefully in manufacturing.

Stitching & Workmanship

Our QC team inspect colors, texts, numbers and specification data's on all the packaging materials: printed cards, color labels, barcode stickers, instruction manuals, color boxes etc. Assembly methods, pieces per inner bags and cartons, shipping marks are all monitored.

MACHINES & EQUIPMENTS

Patterning Machine

Stitching different patterns efficiently, like crossing pattern, wave pattern, specific shape patterns, etc.

Single Needle Sewing Machine

Used for substantial materials, such as PU leather, canvas, nylon, PVC etc. Sewing speed is 1000-1200r.p.m.

Twin Needles Sewing Machine

Used for stitching thick materials including leather, nylon, etc. Twin needles work at the same time.

Hemming Machine

Hemming machines are used for binding the harnesses.

Punching Machine

Punching the fabric to particular shapes under models.

Laser Engraving Machine

Drilling on webbings by laser or engraving logos on hardware.

Cutting Machine

Cut webbings to meet production standards. According to requirements, cut material to specific lengths.

Automatic Cutting Machine

Cut webbings efficiently for large quantities.

Hemming Machine

Small hemming machines are used for sewing parts like foam, neoprene so they can be stitched to webbing.

OEM PRODUCTS FOR YOUR MARKETS

Logos&Labels

Private labels and logos are big feature of custom design products. There are various options: PVC logos, woven labels, laser engraved logos etc. Available in any sizes and colors. We can create the label design for you with your logo artwork.

Webbing

As the main material of leash and collar, color, width, thickness and texture of webbing can be customized. Printed Satin ribbons can be stitched on to create colorful patterns. We also heat transfer patterns on both sides of belt.

Fabric

A wide selection of fabrics are used on no-pull harnesses: oxford, mesh, neoprene, flyknit etc., They come with different thickness and colors, can be printed with patterns. The use of fabrics is depend on the type, structure of the harnesses.

Hardware

Hardware include hooks, D-rings and even sliders, buckles. Various styles can be selected and they are available in different finishing: nickel plated, chromed, pearl finish, gun metal, electrophoresis black, copper finish etc.

Plastic Accessories

Plastic parts include buckles, sliders, belt loops. There are buckles in flat design, with square frame or with safety lock. They can be made in any colors to match the webbing color or with built-in LED light.

Product Packaging

The leashes, collars and harnesses can be packed by plastic hangers with color labels and barcode stickers, paper cardboard hangers or color boxes. Choose the best solution for your products.

SALES TEAM

We keep our prices competitive and leave you more profit. Contact us now, we could be your reliable partner and provide you great support in your business.

Call us +86 159 8989 1944 or email to info@boonpets.com, you'll receive our reply within 8 hours.
